6 November 2026

Dear parents / carers,

I wanted to update you all on progress of our new build project.

I was contacted this week by the department for education to say that contracts have been signed and exchanged and work will begin this month. It may be that some initial site visits occur as early as next week!

This is a fantastic news for our school and our community. It is long overdue, but our students will soon have world class facilities where they can learn, and the community will have a new hub where evening and weekend activities can be based.

I will endeavour to keep you updated as to progress of the new build project and anticipated timescales, but it is likely the project will move rapidly now starting with construction of an interim school.

Please do not hesitate to contact us should you have any questions.

Yours faithfully,

Mr Stephen Kneller
Senior Headteacher
