Headteacher video update

Please check out [this link](#) for the latest headteacher video update.

Careers

Have a look at the Soldier newsletter (attached), containing real stories and myth-busting content to help students explore Army careers with confidence.

Student recognition

We are very thrilled to share an amazing news about our two students, Aurora, Des'ree and their team Leopards did at The Summit competition in Orlando, Florida.

They were in a very tough category with 36 teams from around the world. Their first performance got them through to Day 2 as the highest scoring English team and in 12th place. On Day 2 they competed again and hit Zero. The placements were extremely close and they ended up placing 7th in the world and maintained the highest scoring English team in their category.

We are extremely proud of these girls. Their dedication and hard work to not only get them to the biggest competition for their age and level but to also finish 7th out of 36 and be the highest scoring English team.

We welcome any news about student achievements, please feel free to email to pcs-enquiries@olympustrust.co.uk

Many thanks.
