Headteacher video update

Please check out [this link](#) for the latest headteacher video update. There are important updates about the new PE kit and our new build.

Avon & Somerset Volunteer Police Cadet Leaders (VPC)

The VPC are young people aged 13-17 who come together to learn about careers in policing, support their community, and develop valuable life skills like communication and problem-solving, all within a fun and safe environment.

The cadets are supported by adult Volunteer Cadet Leaders, and they are recruiting new leaders for South Gloucestershire Unit (based in Patchway). The leaders don't need to have policing experience or knowledge; and they will provide all the necessary training and resources.

Please refer to the attached poster, or visit the website at [Volunteer police cadet leaders | Avon and Somerset Police](#)
